ANGEL HIDALGO BARREIRO

PROFILE

Service-oriented professional used to working at a fast pace and under pressure. Clear communicator, proactive and solution-driven, with a strong focus on quality, order, punctuality and meeting deadlines. Looking for a role where I can contribute proactively with my skills and keep growing through hands-on experience and learning.

WORK EXPERIENCE

● WEBMASTER – SEEDSTOCKERS (BCG) | 2023–2024

- Coordinated with Payments/Logistics teams and solved operational incidents.
- Managed tasks with deadlines and quality control in processes.

*(Integrated **Web Services** and developed/maintained **Prestashop** and a **B2B React platform**.)*

● PROGRAM SPECIALIST – VITA LIBER S.L.U | 2020–2025

- End-to-end software development and maintenance.
- Managed internal users' needs: prioritization, incident handling, validation and functional support.

(Support, guidance and customer service; strong interpersonal communication.)

● CONSULTANT / TECH LEAD – FASTBYTE S.L. | 2019–2025

- Gathered requirements with clients/teams and translated them into practical solutions.
- Continuous communication, task follow-up and phased delivery.

● CO-FOUNDER & LEAD DEV – GESTIONOMINEGOCIO | 2020–2025

- Requirements gathering, **follow-up** and **functional support** with clients/teams; **incident management** with a fast-solution mindset and professional communication.
- Daily work **organization**: priorities, task tracking, **deadlines** and **coordination** with **collaborators**.
- Basic administration: **invoicing**, collections tracking and **documentation**.
- Handled unexpected issues and workload peaks while **maintaining quality and timelines**.
- Effective incident **management** and **communication**.
- **Recruitment** and **training** of junior developers.
